Stor-Mor end access when closed

Perfect World Luggage part number: SM1680(A) - MILITARY or *NEW NSN 6530 01 566 0568
 Formerly called, "Pack, Medical Supply", "Stor-it" SM0840 - non-military OLD NSN : 6530 01 494 0568
 Formerly Iron Duck- Fleming Industries # 38100

Stor-Mor is **the** organized solution for bulk storage and deployment of medical equipment and supplies. When closed, Stor-Mor transports supplies needed for mass casualty care in a structured, soft-sided, rolling travel pack whose efficient space planning carries far more supplies than bags, duffels or trunks of similar size. When closed, the Stor-Mor has easy side-access to interior contents without opening the entire case. When ready, the Stor-Mor quickly and ingeniously unfolds into two flat panels with removable clear vinyl pockets that organize, protect and display all of the packed supplies. The panels can be hung in several different configurations to allow the opened Stor-Mor to work well in varying conditions. Each Stor-Mor can be refolded into the closed position in under 2 minutes. Intuitive pockets on the Stor-Mor exterior make color coordination of more than one pack quick and simple. Proprietary "double" pockets on the Stor-it exterior keep private papers private.
